

8th ANNUAL ART FOR HEART

September 8-30, 2018

ABOUT ART FOR HEART

In 2011, ART FOR HEART debuted as a fundraising art show benefiting two well-known Chicago foundations: The Polish Museum of America (PMA) and Gift from the Heart Foundation/Dar Serca. This year, Art for Heart promises to return even bigger and better- beginning **September 8th, 2018**; now lasting **through September 30th**. *As a sponsor, you will have the opportunity to market your products and/or service to a large and captive audience.*

ART FOR HEART — an art show organized by Gift from the Heart Foundation and The PMA — draws over 500 art lovers each year, professionals, students, and families from across the Chicagoland area and beyond. Contemporary Polish artists showcase their paintings, photography and sculptures at the Polish Museum of America. A chance to meet the artists, appetizers, a cash bar and live entertainment ensure that all attendees have a wonderful time.

With the widespread collective support of public officials and local civic organizations as well as a palette of talented artists, ART FOR HEART 2018 promises to continue the show's success. All proceeds from the show and art sales will be evenly distributed between The Polish Museum of America and Gift from the Heart Foundation.

What began as a fledgling collaboration has grown into a strong partnership, with each foundation utilizing its resources to work together to provide an exciting event for Chicagoans.

ABOUT THE FOUNDATIONS

Gift from the Heart Foundation, or Dar Serca, is a non-profit 501 (c) organization that helps children with disabilities receive the medical treatment that they urgently need. The Foundation brings seriously ill and disabled children from European countries to the US and helps them receive high-quality medical care and treatments that are unattainable in their home countries. Over the past 30 years, Gift from the Heart Foundation has helped several hundred children receive modern medical treatments from the highest-quality clinics in the United States.

The Polish Museum of America (PMA) is one of the oldest and largest ethnic museums in the United States. It offers visitors a wide range of exhibits, resources and activities related to Polish history, culture and heritage, as well as Polish-American history. Its all-inclusive exhibits and cultural events are both educational and entertaining while supporting the entire community. Its library and extensive archives have rendered invaluable services to historians, researchers, students and genealogists.
